Balkan Offroad Rallye in Bulgaria, 14th to 20th September 2019!

For the upcoming 9th edition, RBI is introducing light but important updates of the event program that will make the rally more comfortable for the participants, especially for the ones arriving from far away. Fine tuning on the timing and optimizing the procedures will allow us to start on Saturday, finish on Friday and use the weekend after for sharing time with the family and relax before the upcoming working week.

The administrative checks and scrutineering will take place all day on Friday and on Saturday morning. On Saturday at noon the start of the first special stage will be given. The racing week will finish on Friday with the traditional Grand-Finale on the Long Beach followed by the prize giving ceremony and a great party.

The "fly-and-race" concept is a real time-saver letting you drive a rally marathon while staying away from work for only 5 days. You can arrive on Friday (or even early on Saturday) and leave the Saturday after. Our Shuttle Service will pick you up from the airport and will bring you back on time for your return flight. We care about your time and deliver you the ultimate offroad-adventure!

There is more news! After the premiere and the great success of the new-established Discovery category, the 2019 rally edition will offer again three categories: Cross Country - for Motorbikes, ATV, SSV, Cars and Trucks

Extreme - for Cars only

Discovery - for those on ATV, SSV and Cars, who want to be part of the unique rally atmosphere, follow the original rally routes with a non-modified vehicle in a relaxed way without time pressure

The best for sure will stay: Fantastic rally tracks crossing the beautiful landscapes of Bulgaria, from the mountains to the sea, the great hospitality including the Hotel-accommodation option, the finish on the Long beach cheered by the crowd - and all this made easy and friendly but at the same time highly professional, caring and safe!

Join our family from 14th till 20th of September 2019 in Bulgaria!
